KIMBAL
LUMINAIRE
RANGE

10 years of research and development in LED downlight technology have led us to Kimbal.
A comprehensive range of chassis options, lumen packages and accessories make it easy to design lighting environments that are elegant, functional and energy-efficient.

The Kimbal range represents a commitment to the highest standards through design, development, componentry and production.

DOT Downlights, the developer of the Kimbal, recognises its responsibility to communities and future generations. This has led to the introduction of a product range that has sustainability at its core.

Every element of a Kimbal engineered body is either recyclable or reusable and the range has been designed to enable replacement of electronic control gear or LED to uptake future technology and at end of life.

"We are committed to providing
high quality, long lasting, energy saving
products and services to our customers.
We are relentlessly working to identify
and reduce negative impact on the earth."

Paul Austin,
GM of Dot Downlights

KIMBAL+

Fixed Recessed
KF6 Series
Ø150mm
OD 165mm / H 148mm

Adjustable Recessed
KA6 Series
Ø150mm
OD 165mm / H 160mm

Spotlight
KSP6 Series
OD 135mm

Surface Mounted
KS6 Series
OD 140mm
H 195mm

Cable Suspended
KC6 Series
OD 140mm
500mm - 3000mm

Rod Suspended
KR6 Series
OD 140mm
500mm - 3000mm

Available in 3500K and CRI 90 specifically to assist meeting the new J6 regulations, the Kimbal range helps achieve the balance of performance, design and energy efficiency required in new buildings.

EXCEL SERIES

Average Lumen Efficacy	3000K - 110Lm/W 3500K - 110Lm/W 4000K - 115Lm/W
SDCM	2SDCM
CRI	90+, 4000K Cyanosis compliant
Applications	Health care facilities, high-end office buildings

PERFORMANCE SERIES

Average Lumen Efficacy	3000K – 130Lm/W 4000K – 130Lm/W
SDCM	3SDCM
CRI	80+
Applications	Offices, corridors, airports, shopping centers

Exclusive Kimbal heatsink
engineered for ultimate
LED lifespan

**Recyclable thermoplastic
and aluminium componentry**
20 year chassis warranty
for future proof lighting
requirements*

Discrete profile
2mm thick ceiling plate

CREE LED COB
L90B10 > 75,000 hours

**Tool-free
mounting system**

COB protection dome

**High purity aluminium
reflector**

IP65 lens prismatic,
diffusion or clear options

Reflector & lens retainer
can be easily changed after
installation to alter light
distribution and ingress

*5 year warranty on complete fittings
